COMPREHENSIVE PLANS**

PURPOSE: To set forth provisions regarding the establishment of comprehensive plans.

The Board believes that careful planning is essential to effective implementation of District programs and policies. Comprehensive plans shall identify cohesive strategies for school improvement, provide stability in District operations, and be aligned to ensure consistency among District approaches for student academic growth and achievement.

Comprehensive plans adopted by the District shall include the local control and accountability plan (LCAP) and other plans required by law or determined by the Board to be in the best interest of the District. Such plans may describe anticipated short- and long-term needs, measurable outcomes, priorities, activities, available resources, timelines, staff responsibilities, and strategies for internal and external communications regarding the plan.

The process for developing comprehensive plans shall, as required by law or determined appropriate by the Superintendent or designee, include broad participation of school and community representatives. Committees may, and when required by law shall, be appointed to assist in the development of such plans. District comprehensive plans are subject to review and approval by the Board.

Comprehensive plans shall be available to the public and shall be reviewed and updated at regular intervals as specified within the plan or required by law.
