

**CLOVIS UNIFIED
SCHOOL DISTRICT****PHILOSOPHY, GOALS, OBJECTIVES, AND COMPREHENSIVE PLANS
DISTRICT TECHNOLOGY PLAN**

PURPOSE: To address the development of a technology plan for the District.

The Board recognizes that technological resources can enhance student achievement by increasing student access to information, supporting teacher effectiveness, and facilitating the administration of student assessments. Effective use of technology can also increase the efficiency of the District's noninstructional operations and governance.

The Superintendent or designee shall develop a comprehensive technology plan that covers at least three years and is based on an assessment of current uses of technology in the District and an identification of future needs. The Superintendent or designee may appoint an advisory committee consisting of a variety of staff and community stakeholders to assist with the development of the technology plan.

The plan shall be integrated into the District's vision and goals for student learning and shall contain research-based strategies and methods for the effective use of technology. When required for state or federal grant programs in which the District participates, the plan shall also address all components required for receipt of such grants.

The Superintendent or designee shall ensure that any use of technological resources in the District protects the private and confidential information of students and employees in accordance with law.
