SCHOOL DISTRICT****PHILOSOPHY, GOALS, OBJECTIVES, AND COMPREHENSIVE PLANS
DISTRICT ACCOUNTABILITY**

PURPOSE: To establish an accountability system that focuses resources for, energy on, and commitment to achievement, quality, and sustained improvement at all levels of District.

The extraordinary success of the District is based on three essential District level functions:

1. Identification of specific District wide goals and the establishment of performance standards of excellence pursuant to the goals.
2. Implementation of a systematic process for assessing and reporting individual, classroom, school, area, and District progress toward achievement of student and District performance standards.
3. Implementation of a model for monitoring and reporting results which provides both diagnostic and evaluative information to stimulate and support efforts for improvement and to recognize those who achieve the desired levels of performance.

The Board is committed to ensuring accountability to the public for the performance of the District and each District school. An accountability system shall be based on multiple measures specified in the California Accountability and Continuous Improvement System as reported on the California School Dashboard, consider all District schools and departments, and evaluate the success of District staff and students.

The Board authorizes the Superintendent or designee to develop a comprehensive accountability system that focuses resources for, energy on, and commitment to achievement, quality and sustained improvement at all levels of the District.
