FOOD SERVICE/CHILD NUTRITION PROGRAM

PURPOSE: To establish a comprehensive food service program.

The food service program is an integral part of the educational program and is to operate on a self-supporting basis.

The Superintendent or designee is authorized to establish rules and regulations which ensure compliance with USDA guidelines for providing free or reduced-price meals to qualified students in grades pre-school through continuation school.

The District is authorized to provide meals eligible for federal and state reimbursement to serve eligible students under the National School Lunch Act and other a la carte food items.

In accordance with law, the Superintendent or designee shall develop and maintain a food safety program to reduce the risk of foodborne hazards at each step of the food preparation process, from receiving to service.
