Reporting Student Achievement

GRADES/EVALUATION OF STUDENT ACHIEVEMENT

PURPOSE: To establish a grading system for students enrolled in the District.

The Board believes that grades and progress reports serve a valuable instructional purpose by helping students and parents/guardians understand performance expectations and identifying the students' areas of strength and those areas needing improvement. Parents/guardians and students shall receive course grades and progress reports that represent an accurate evaluation of the students' academic performance.

The Superintendent or designee shall develop regulations establishing guidelines for assuring that parents or legal guardians of all pupils are provided timely and adequate information concerning the academic performance of their children. Teachers shall inform students and parents/guardians how academic performance will be evaluated in the classroom.
