PROMOTION STANDARDS MATRIX

If available prior to May 28th of the current school year California Assessment of Student Performance and Progress (CAASPP) will be used as the primary criteria when identifying students in danger of failing to meet promotion standards. Students earning scores of “standard not met” in core academic areas of English Language Arts and/or Mathematics, and/or Science will be identified as being in danger of failing to meet promotion standards.

If State assessment scores **are not available** prior to May 28th of the current school year, the criteria listed below in the promotion standards matrix will be used as the primary criteria to identify students as being in danger of failing.
